

CBX-CBL/CD147 CONSTATEMENT UNDER 37 C.F.R. § 1.68

We,

- (1) C. Geoffrey Davis,
(2) Russell Wayne Blacher,
(3) Jose Ramon Corvalan,
(4) Alan Rhodes Culwell,
(5) Larry L. Green,
(6) Joanna Hales,
(7) Nancy Havrilla,
(8) Vladimir E. Ivanov,
(9) John A. Lipani,
(10) Qiang Liu,
(11) Richard F. Weber, and
(12) Xiao-Dong Yang,

declare:

That we made and conceived the invention described and claimed in patent application:

Serial Number 09/784,950 filed in the United States of America on February 15, 2000
titled CD 147 Binding Molecules as Therapeutics

That we made and conceived this invention while employed by Abgenix, Inc.
That the invention is related to the work we are employed to perform and was made within the scope of our employment duties; That the invention was made during working hours and with the use of facilities, equipment, materials, funds, information and services of Abgenix, Inc. Another relevant fact is that the invention relates to molecules that bind CD 147 (a molecule that is expressed on certain cells, such as T-cells, B-cells and/or monocytes). We do not believe the invention disclosed in this application is useful in the production or utilization of nuclear material or atomic energy.

That to the best of my our knowledge and belief:

The invention was not made or conceived in the course of, or in connection with, or under the terms of any contract, subcontract or arrangement entered into with or for the benefit of the United States Atomic Energy Commission or its successors: Energy Research and Development Administration or the Department of Energy.

AND

The invention was not made (conceived or first actually reduced to practice) under nor is there any relationship of the invention to the performance of any work under any contract of the National Aeronautics and Space Administration.

The undersigned inventor(s) declare further that all statements made herein of their own knowledge are true and that all statements made on information and belief are believed to be true and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

STATEMENT UNDER 37 C.F.R. § 1.68

We,

- (1) C. Geoffrey Davis,
- (2) Russell Wayne Blacher,
- (3) Jose Ramon Corvalan,
- (4) Alan Rhodes Culwell,
- (5) Larry L. Green,
- (6) Joanna Hales,
- (7) Nancy Havrilla,
- (8) Vladimir E. Ivanov,
- (9) John A. Lipani,
- (10) Qiang Liu,
- (11) Richard F. Weber, and
- (12) Xiao-Dong Yang,

declare:

That we made and conceived the invention described and claimed in patent application:

Serial Number 09/784,950 filed in the United States of America on February 15, 2000
titled CD 147 Binding Molecules as Therapeutics

That we made and conceived this invention while employed by Abgenix, Inc.
That the invention is related to the work we are employed to perform and was made within the scope of our employment duties; That the invention was made during working hours and with the use of facilities, equipment, materials, funds, information and services of Abgenix, Inc. Another relevant fact is that the invention relates to molecules that bind CD 147 (a molecule that is expressed on certain cells, such as T-cells, B-cells and/or monocytes). We do not believe the invention disclosed in this application is useful in the production or utilization of nuclear material or atomic energy.

That to the best of my our knowledge and belief:

The invention was not made or conceived in the course of, or in connection with, or under the terms of any contract, subcontract or arrangement entered into with or for the benefit of the United States Atomic Energy Commission or its successors: Energy Research and Development Administration or the Department of Energy.

AND

The invention was not made (conceived or first actually reduced to practice) under nor is there any relationship of the invention to the performance of any work under any contract of the National Aeronautics and Space Administration.

The undersigned inventor(s) declare further that all statements made herein of their own knowledge are true and that all statements made on information and belief are believed to be true and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
